WEB DEVELOPER

About me

I am a creative and motivated beginner web developer with basic knowledge of HTML, CSS and JavaScript. I am eager to improve my skills, learn advanced web technologies, and grow as a professional in the field of web development.

Experience

Personal Web Development Projects Self-Learning Journey

Building small practice websites using HTML, CSS and JavaScript to improve structure, styling, and responsive design skills.

Experimenting with layouts, color schemes, and modern web design techniques.

College / Home Practice Projects Independent Work

Created simple webpage designs and mini-projects for learning purposes.

Focused on improving understanding of HTML elements, CSS selectors, and clean code formatting.

Education

Matriculation

(2022-2024)

I did my matriculation from Divisional Public School, Model Town, Lahore.

Intermediate

(2024-20260)

Currently pursuing UK level 3 diploma from Superior Group of Colleges.
